

Northern

Say My Name Table

Design by: Morten & Jonas

Take note of the Say My Name table lamp but not for its aesthetic beauty alone; give it a nod for representing a lively dialogue between the material and its maker, as both come together in a multi-functional design made of mouth-blown Venetian glass in Italy. The beautiful gray color—available in either a glossy or a matt surface—reflect the Nordic sky during the deepest hours of dark.

Ordering Matrix

Model

662 = Smoked Glossy Gray
